**Florida Next Generation Sunshine State Standards: SS.K.G.1.2:** Explain that maps and globes help to locate different places and that globes are a model of the Earth. **SS.K.G.1.4:** Differentiate land and water features on simple maps and globes. **SS.K.G.2.2:** Know one's own phone number, street address, city or town and that Florida is the state in which the student lives.

# Where Do You Live?

You live in the United States of America. Sometimes we call it the U.S. or the U.S.A. The United States of America is your country.

You live in Florida. Florida is your state.

There are many cities and towns in Florida. Cities are bigger than towns. What is the name of your city or town?

It is important to know your whole name, your address and your phone number. It is really important if there is an emergency.

Your address has a number and a street. It has a city, a state and a zip code. A zip code is a number with five digits. It helps people send mail to your house faster.

Your phone number starts with three numbers called an area code. Then there are seven more numbers.

Practice saying your address and phone number. Soon you will remember them any time you need them.

# FUN And Games

Name \_\_\_\_\_

You got a letter! Look at the envelope below. Write your first and last name on the top line. Write your house number and your street on the second line. Write your city, your state and your zip code on the bottom line.

*Your Friend  
123 Any Street  
Any Town, Florida 12345*

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

Where do you live? Write your answers on the lines.

My planet: \_\_\_\_\_

My country: \_\_\_\_\_

My state: \_\_\_\_\_

My city: \_\_\_\_\_

Practice saying your address and phone number to someone in your family. Practice every day this week. Write an X in the box each day you practice.
