each QR code*

Register Admin or Teacher Accounts

Many districts choose to register accounts using an automated rostering method. Other users can register/create their account manually at online.studiesweekly.com

Check with your administrator before registering and be sure to select the correct role either Student, Teacher, or Admin.

Login to Your Online Account

All users can enter their credentials at online.studiesweekly.com

Students can scan a printed QR code, while educators use their username and password. If your account was created using Google, Clever, or ClassLink, those accounts can also be accessed using our login page.

SCAN ME

Navigate the Classes Page

The Classes page is where teachers land immediately after logging in. Here, you will create, view, and archive classes. Additionally, you can access rosters, publications, Reports, Customized Content, and grade student submissions using the buttons in each Classroom Card.

SCAN ME

Add Publications to a Classroom

Teachers can add publications to one classroom at a time. As soon as a publication is added, students can log in and begin using Studies Weekly Online.
